bringing safeguarding to life 

Date	July 2016 Primary School London Borough
Presenting issue	MASH closing case- school still concerned about parenting
Involvement	Spoke to DSL, Discussed their concern. Confirmed there were still concerns and warranted social care intervention. I rewrote the referral using the language of referrals emphasising in the well-being of the children and the parent's inability to parent and keep them safe. Sent back to DSL. DSL emailed social worker CC's in the manager.
Outcome	Next day the manager called DSL and agreed to keep the family case open on a child in need for 3 months.
Allocated time	90 minutes

Date	April 2016 PRU London Borough
Presenting issue	13-year-old boy's aggression and abuse towards mother. New born baby in the house from mum. Boy assaulted mum whilst she was nursing her new born. Threatened her and constantly harassed her for money. Boy associated to anti-social behaviours and criminal activities. Known to the YOT team. Unpleasant characters in her home (his new friends) he absconded on a daily basis and mum in fear of 13 year old. Social care involved and Troubled Families worker. Social care preparing case to close as no role for them.
Involvement	Created a strong chronology emphasising risk to new born baby and mums vulnerability as a vulnerable adult. Initiated a professionals meeting to share concerns and chronology. Discussed concerns with social work manager as section 47 threshold met based on new born at risk of harm. This meeting was upgraded to a strategy meeting. S47 threshold met in the strategy meeting. Conference initiated and completed. New born and 13 year old on CP plan. 13 year old assaulted mum within a week of the CP plan and he was accommodated.
Outcome	Family home free of violence, hostility and aggression.
Allocated time	1 day a week over 3 months
